A Complete Line of Morton Glassworks Products!

HOLLANDER
FUSING
CENTER®

Hollander Fusing Center
5455 Guhn Rd.
Houston, TX 77040

The Hollander Glass Fusing Center is one of the largest, air-conditioned, state of the art teaching centers in the southwest that is solely devoted to the fused glass enthusiast. HFC workshops are designed to build confidence and develop knowledge and skills inspiring students to break through creative boundaries in kiln formed glass.

Visit our website at www.hollanderglass.com/news.php for information on visiting national artists and a schedule of up coming classes.
